- a. Not enough money was budgeted in FY23 budget for worker's comp and unemployment insurance. Julie Kiley proposed that unspent FY2022 funds (approx. \$195k) may be used to cover this discrepancy. Additionally, in FY22 there were several items that came out of capital campaign fund (lighting, many AC repairs). Capital fund went from around \$128k to \$78k by the end of FY22.
- b. Wilco facilities department has paid for many items recently out of their general county budget such as \$532 in AC related items and \$7951 for badge readers on the doors. Facilities dept recommends the shelter add the following 3 service contracts: AON air conditioners (approx. \$10465 annually) Boiler (approx. \$1195.70 annually) Water softener (approx. \$2000 annually). These amounts do not include any possible repairs associated with the PMs or service. There is not currently enough funds in shelter budget to absorb these costs.
- c. Miscellaneous expenditures and labor time spent by Wilco Facilities department will be tracked and recorded this fiscal year to more closely evaluate shelter maintenance fund needs for FY24.
- d. Motion by Billy Fletcher to approve reclassing of unspent FY22 funds to FY23 shelter operating fund and replacing FY22 expenditures out of capital fund. Seconded by Erica Solis. All in favor.
